
CD-RW BenQ 5224P - 52x

Generalidades

Again, leading the technology race - the new BenQ 5224P 52X CD-RW delivers the same worry-free stability as our older 48x drives. Burning through an entire 80min CD in less than 3-minutes*, the 5224P will never hold you back.

BenQ's ground breaking Seamless Link Technology provides buffer under-run prevention to bring you a worry free CD recording experience with any CD-R or CD-RW media.
